

Dustcollector DUSTCOM 3003

IMPACTS dust collectors **DUSTCOM 3003** are compact, robust and powerful machines, specially designed for hard jobs in surface preparation applications.

Three motors with 1.150 Watt power each are the basis for the super strong performance of the **DUSTCOM 3003**. In combination with the 3 m³ polyester filter area, the excellent filter cleaning system and the easy handling the **DC3003** units are setting new standards for dust collectors.

FEATURES

- Central locking of the dust bin.
- Big, ergonomics optimised dust bin.
- Steel body.
- Changeable dust inlet.
- Optimised proportions, by best power and extremely light weight.

SPECIFICATION

Model	DC3003
Motors	3, separate switches
Power	3450 W
Power supply	230 V/50 Hz, 16 A delay fuse
Airflow	600 m ³ /h
Filtering surf Certification	Filter bag, 3 m ² , M
Capacity Dustbin	60 l
Suction inlet	50 mm or 70 mm available
Dimensions L x W x H in mm	660 x 660 x 1350
Weight	70 kg
