

GRINDER PM2807

The **Impacts Grinder PM 2807** is equipped with a very robust gearbox technique. Even though the **PM2807** is rather big it is easily handled on the surface. The control through the frequency converter enables adjustments for the cutting speed necessary for the tools. The grinding pressure is extremely variable due to additional weights.

FEATURES

- Very sturdy gear technology.
- With additional pocketweight very variable grind pressure possible
- Tools with quick change technology.
