

GRINDER PM3030

The **IMPACTS Grinder PM3030** is equipped with a very **robust gearbox technique**. It is easily handled on the surface even though its size is fairly big. Because of the **frequency converter**, the control enables the adjustments for the **cutting speed**, necessary for the tools. The grinding pressure is **extremely variable** due to **additional weights**.

FEATURES

- Very sturdy gear technology.
- With additional pocketweight very variable grind pressure possible
- Tools with quick change technology.
